SPANISH TABLE

Commands

Commands used with direct, indirect, and reflexive pronouns

	Affirmative commands		Negative commands	
	Pronouns attach to the command and form a single word.		Pronouns are placed after no and before the command as separate words.	
Types of pronouns	<i>Da la noticia a nosotros.</i>	Give the news to us.	<i>No des la noticia a nosotros.</i>	Don't give the news to us.
Direct object pronouns	<i>Da la a nosotros.</i>	Give it to us.	<i>No la des a nosotros.</i>	Don't give it to us.
Indirect object pronouns	<i>Danos la noticia.</i>	Give us the news.	<i>No nos des la noticia.</i>	Don't give us the news.
Double object pronouns indirect + direct	<i>Dánosla.</i>	Give it to us.	<i>No nos la des.</i>	Don't give it to us.
	When both the direct and the indirect object pronouns are used, attach both pronouns to the command to make a single word. A written accent is placed in the first syllable of the command.			
	<i>Da la noticia a tu hermana.</i>	Give the news to your sister.	<i>No des la noticia a tu hermana.</i>	Don't give the news to your sister.
	<i>Dásela.</i>	Give it to her.	<i>No se la des.</i>	
	When using the indirect object pronouns: <i>le, les</i> , and a direct object pronoun <i>lo/la/los/las</i> replace <i>le, les</i> by <i>se</i> . This is to avoid the repetition of the syllable sounds <i>le, les</i> , and <i>lo</i> or <i>la</i> in the same word.			
Reflexive pronoun	<i>Cámbiate la ropa.</i>	Change your clothes.	<i>No te cambies la ropa.</i>	Don't change your clothes.
Reflexive + direct object pronoun	<i>Cámbiatela.</i>	Change it.	<i>No te la cambies.</i>	Don't change it.
